SEKOLAH MUTIARA HARAPAN PARENT/STUDENT HANDBOOK SENIOR HIGH SCHOOL

This handbook contains important information useful for you and your child to adapt to the school. Please contact school teachers or administration if there is any insufficient or unclear information. We are always glad to answer your questions and consider your proposals regarding the improvement of schoolwork.

All parents and students are expected to read and understand this handbook thoroughly. Parents have to sign the agreement regarding the information, policies, and procedures written on this handbook. The agreement will be kept in your child's file in the school.

I. SCHOOL VISION AND MISSION

Vision

To be a community of internationally minded, responsible and lifelong learners for the betterment of the immediate community and the world

Mission

Sekolah Mutiara Harapan is committed to educate all students to their full potential and become contributing members in the society by implementing a high standard curriculum incorporate International and National requirements

Core Values

Teamwork – Ownership – People Development – Integrity – Customer Satisfaction – Continues Improvement

II. ABOUT SEKOLAH MUTIARA HARAPAN

Sekolah Mutiara Harapan was founded in 2003 by the Riau Andalan Pulp and Paper (RAPP) to cater to the academic needs of their employees' families during their employment in the company. The school is managed by RAPP, which commit its resources, talents, and abilities in building a school community that fosters and promotes self-expression, decisiveness, discipline, teamwork, and excellence through the best practices of the international curriculum and the Indonesian national programs.

Our school is a private, non-profit, kindergarten through high school coeducational school, providing a high quality education leading to Indonesian and international qualifications for the local and expatriate communities. The main languages of instruction are English and Bahasa Indonesian.

We are committed to educating all students to their full potential. They are encouraged to develop a joy for learning, independent thinking, and freedom of expression while maintaining a sense of responsibility to others through respect and cooperation. Our greater purpose is to equip our students to lead constructive and fulfilling lives, to appreciate, and respect a diverse range of cultures, and to have a sense of service and responsibility towards the world.

III. INSTITUTIONAL GOALS

Sekolah Mutiara Harapan professes to

Qualified and Enthusiastic Staff

All educators at Sekolah Mutiara Harapan are competent and dedicated professionals who help students identify and develop

their talents within the school and community. Sekolah Mutiara Harapan is committed to the continuous professional development of its staff

School Community

An international school is a strong and cohesive community of faculty, staff, parents and students that encourages the development of the skills and attitudes of responsible citizenship. We actively seek the involvement and co-operation of parents and the community.

Accountability

Teachers, administrators, students and parents work together towards these educational goals and are accountable for student learning.

IV. ACCREDITATION

Sekolah Mutiara Harapan is accredited by

- The International Baccalaureate (IB) for Primary Years Programme (PYP);
- Cambridge Assessment International Examination (CAIE) for Secondary 1, Secondary 2 and Advanced Level Program;
- Indonesia National Accreditation Committee (BAN).

V. FACILITIES AND RESOURCES

The Sekolah Mutiara Harapan campus provides a safe and stimulating learning environment where a diverse program (including academics, athletics, music, and the arts) is offered. Our campus provides the students with comfortable classrooms,

library, physics, chemistry, biology labs, sports area, ICT lab, function room, lunch room, etc.

We also provide additional language support, extracurricular activities, warm caring teachers, and counseling services, which will help students to work through a problem to find a solution, be it emotional, behavioral, academic, or interpersonal. The professional guidance counselor offers guidance services for students to help understand themselves better, their own personal values, and the role their values play in decision making. The counselor will work closely with teachers and parents.

VI. INTERNATIONALLY RECOGNIZED CURRICULUM

Sekolah Mutiara Harapan implements International Baccalaureate (IB) Primary Years Programme (PYP) for kindergarten up to primary 6, and applies Cambridge curriculum for grade 7-12 (junior and senior high school).

Cambridge School Curriculum

Middle School students use the Cambridge curriculum. All required national subjects are incorporated in the classes to ensure success for admission to any institution of higher education.

Cambridge Secondary 1 (Grade 7-8)

The Cambridge Lower Secondary Programme is a framework for educational success for students approximately 11-14 years old. It builds on the primary stage and develops children's knowledge and skills in mathematics, English, and science. Schools can use Cambridge Lower Secondary Programme with other curricula. No part of it is compulsory, so teachers can use the materials to suit their own situation.

In Grade 8, students will take the checkpoint examinations in mathematics, English and science. For the English subject, the school offers English as a first and second language.

Cambridge Secondary 2 (Grade 9–10)

Cambridge IGCSE is the world's most popular international curriculum for 14-16 year olds, leading to globally recognized and valued Cambridge IGCSE qualifications.

Cambridge IGCSE encourages learner-centered and enquiry-based approaches to learning. It develops learners' skills in creative thinking, enquiry, and problem solving, giving learners excellent preparation for the next stage in their education.

We offer the following IGCSE subjects: Mathematics, English as a first and second language, Combined Science, Physics, Chemistry, Biology, Bahasa Indonesia as Foreign Language, Geography, and Business Studies.

Our school also offers the Cambridge ICE (International Certificate of Education) certificate.

Cambridge International AS and A levels (Grade 11–12)

Cambridge International A (Advanced) level is typically a two-year course, and Cambridge International AS level is typically one year. This program is designed to develop students' thinking and reasoned exploration to be applied in real-life situations.

We offer the following AS/A level subjects: English Language, Mathematics, Biology, Physics, Chemistry, Business Studies, Geography, Psychology, and Global Perspective and Research (GPR).

To know more about the Cambridge curriculum, you can go to www.cambridgeinternational.org

VII. INDONESIAN NATIONAL CURRICULUM

The school has integrated the Indonesian National Curriculum in the school program according to the requirements set by the Indonesian Ministry of Education for the SPK (Satuan Pendidikan Kerjasama)/affiliated schools in Indonesia.

VIII. ACADEMIC CALENDAR

Our school academic calendar is from July to June. We usually have about three weeks holiday at the end of Semester 1 and around 4-5 weeks holiday at the end of the school year. The school hours are reduced during the month of Ramadhan (Moslem fasting month).

The academic calendar is circulated at the beginning of each school year. Parents can access the school calendar in our school website or school information system.

IX. ADMISSIONS POLICY & REQUIREMENTS

Sekolah Mutiara Harapan, in keeping with its mission, believes in the vital role of education in the attainment of right values and attitudes; so it opens its doors to applicants who have the necessary preparation and qualification for international education.

- Submission of pertinent papers such as birth certificate and report card of previously attended level or class
- Personal appearance of the parents with the school principal to discuss matters regarding placement and requirements
- National students may be admitted only at the beginning of the school year except children of newly hired employees of the company
- New national students have to go through a placement test to assess their English language and math skills.

Expatriate students may be admitted at any time during the academic year. Parents should bring a photocopy of their child's passport ID page in order to verify that the child is a non-Indonesian passport holder, and copies of previous school records. Children will be placed in the class which the principal, teacher, and parent believe to be the best placement for the child. An entry test will be given to assist in placement. The final decision on the child's educational placement remains with the school. Students enrolling with special considerations may come to the office for clarification. These will be handled on a case-to-case basis.

X. TUITION FEE

When a student registers in school, it is understood that he/she is enrolling for the entire school year (12 months); hence, he/she is expected to pay the tuition fee stipulated by the school. A student who transfers or otherwise withdraws within the school year has to pay a certain percentage of the tuition fee as stipulated by the school administration. If parents decide to take a holiday within the school year, the tuition fee allotted for those weeks may not be refunded.

The tuition fee is set by the school in Indonesian rupiah. And is paid monthly. For employees' children, the tuition fee is deducted from the salary. For non-employees, parents have to transfer it to the *Yayasan* bank account.

Parents will be asked to sign a form to acknowledge that they are aware that this amount will be deducted from their monthly salary. Tuition fees should not be paid in cash. Parents will start paying the tuition fees by the month the child starts attending school, regardless of the number of days attended in that month. Parents may be expected to provide classroom support materials, including tape, glue, pencils, paper, etc.

XI. ROLE OF PARENTS

Parents play an essential role in the process of educating their children. They are seen as vital in their child's learning process, and we aim to work positively together at all times.

Parents may support their child's learning by doing the following

- Working positively with the school
- Ensuring that their child attends school punctually and regularly
- Ensuring that their child wear proper and clean school attire
- Modelling good behavior, expressing themselves in a socially acceptable way
- Being involved in and supporting school programs, policies, and procedures
- Sending their child to school prepared for learning with homework completed.

We believe that educational success for all students cannot be completed without an effective partnership with all parents. Likewise, your input and involvement is greatly appreciated as we work to accomplish our school's goals. The school administration recommends parents to read the disciplinary policy, to keep in close contact with the class teacher and subject teachers as well.

XII. ROLE OF SCHOOL STAFF

PRINCIPAL

The principal is responsible for the effective operation of all aspects of the school program. Parents and students who have any questions or concerns relating to the general conduct of the school or matters pertaining to academic life should contact the principal. He/she chairs all faculty meetings of the section that he/she is responsible for. He/she ensures the success of student organizations, clubs, publications, and other educational activities.

He/she works to ensure that life at our school reflects the school's commitment to diversity and the understanding of others' way of life. He/she ensures that the organizations of the school promote and reflect its ethical aspirations. He/she oversees the scheduling of students and the successful advancement of students through SMH. There is an open-door policy for all community members to see the principal.

ACADEMIC COORDINATOR

The school assigns an academic coordinator to oversee the whole school academic standard. The academic coordinator is also responsible for the admission process of the international students. Parents may directly approach the academic coordinator for any concerns they may have about their children's academic issues.

CLASS TEACHERS

A class teacher is a key figure in the relationship of parents and the school regarding disciplinary matters. Class teachers plan the academic work of the class, introduce the disciplinary policy to students and parents, supervise and correct students' behavior, and keep a constant contact with subject teachers and the school counselor.

Class teacher(s) will support students in meeting the expectations of the school and guides them during their time at SMH. The class teacher organizes the taking of daily attendance and helps with the coordination of class meetings or programs and grade-specific issues as they arise.

The class teacher is free to use his/her discretion in fulfilling the responsibilities listed above since the ability to connect with students and a willingness to take initiative are important elements of the position.

One of the most important jobs of a teacher is to assess the quality of work done by the student. Only the teacher is in a position to assess that work in the context of the class, the discipline, the school, and the teacher's experience. The teacher must always feel free to go beyond what may be represented quantitatively in the grade book in order to ensure the quality of the students' work. The teacher's assessment of the student's work should be accepted as authoritative.

Members of the faculty must not be pressured to change grades. Each faculty member has the right and responsibility to exercise his/her best judgment about the quality of the work done by each student. We are committed to this long-standing educational tenet. Our policy, following from this commitment, is that we will not negotiate grades. A grade will be changed only when we discover a computational or clerical error. Concerns should be addressed to each unit principal.

XIII. LEARNING PHILOSOPHY

Cater to different learning styles. Each individual student has specific needs. We believe children learn in different ways and at different rates and consider it as the teacher's responsibility to find ways that are best for each individual. It is effective to combine a variety of teaching methods.

We plan

1. Varying teaching method from day to day
2. Designing assessments and assignments to accommodate varying levels of need
3. Using real-life examples when discussing concepts. Students learn when the concepts presented are real. Students need to be shown how topics in the classroom relate to their lives outside of the classroom
4. Explaining the importance of learning concepts.

XIV. BUILDING GOOD VALUES AND BEHAVIOR

As a community, we must aim to have a high level of personal behavior so that we all create a happy and positive environment. We have high expectations of Mutiara Harapan students both inside and outside school. If it comes to our attention that inappropriate behavior has taken place that directly impacts on the school's reputation, then we reserve the right to consider taking disciplinary action. Any loss of or damage to school property will be charged to the student to purchase a replacement at full cost. Each incident is specific and so the response will be judged accordingly.

We plan

1. Teaching the students about society's view of appropriate behaviors
2. Providing role models for acceptable behavior

Building Positive Teacher-to-Student Relationships

The relationship between teacher and students is an essential part of student learning. Students who do not trust or respect their teacher will be less likely to learn from the teacher.

We plan

1. Spending a lot of time conversing with individual students
2. Avoiding negative or sarcastic language in the classroom.

XV. ASSESSMENT POLICY

Philosophy

1. Assessment is designed to improve student learning.
2. Reflection is an essential process of assessment and indicates understanding over time.
3. Assessment is anchored in authentic tasks.

4. Timely, direct, specific, and contextualized feedback is central to all learning and teaching.
5. Assessment allows the school to monitor effectiveness of programs and provides direction for teachers, learners, parents, administration, and overall school development.
6. Assessment provides students and teachers with feedback to revise performance and improve learning and teaching.
7. Assessments should be sensitive to and reflect cultural, linguistic, racial, class, learning, physical, and gender differences.

Assessment Practices

Pre Assessment

All teachers will assess students' prior knowledge and experience before embarking on new learning experiences in an appropriate way.

Formative Assessment

Through a variety of methods, ongoing and regular assessments will be used during the teaching and learning process to inform teachers and students about how the learning is developed.

Formative assessment and teaching are directly linked and provide feedback that is responsive to student needs, and inform teaching practice.

Summative Assessment

Summative assessment happens at the end of a teaching and learning process or experience and is planned for in advance. The term exam, one of the summative assessments, is administered four (4) times in a year in the form of written exams. For some subjects, there will be practical exams as well.

Summative assessments should be holistic. There will be three (3) areas to be assessed: concept/knowledge, skills, and attitudes.

Reports

Criteria for effective reporting

1. A means of giving feedback from assessment
2. Describes the children's learning
3. Identifies the areas of growth
4. Involves parents, children, and teachers
5. Comprehensive, honest, fair, and credible
6. Clear and understandable for students, parents, administration, government, and other school upon transfer

Written Report

International Reports

Grade 7-12 students will receive the term reports four times in a school year.

- All reports have to follow a standardized format.
- The reports involve all subject teachers, and the information are compiled by the assigned class teacher.
- Subject teachers may add general comments based on the students' performance, behavior, etc.

National Reports

All national students will receive a national report at the end of each semester.

Accessibility

The report card will only be accessible to the student, teachers involved, respective parents, and the administration staff of the school information system.

Indonesian National Exam

All Indonesian students have to sit the national exam at the end of Grade 9 and Grade 12.

XVI. CONFERENCES

At Mutiara Harapan School, conferences aim at giving information to students and parents, which take form in structured purposes as follows:

Three-Way Conference

A three-way conference involves the student, parents, and teacher who collaborate to establish and identify the student's strengths and areas of improvement. Three-way conferences will be held twice a year, after the distribution of term 1 and term 3 report cards. The school will prioritize students who need support to have the conference.

Parent(s)-Teacher Conference

PTC will be held twice a year, at the end of each semester (usually in December and June). The semester reports will be distributed at this time. In case of special cases that need to be addressed to some parents, PTC can be held at the discretion of teachers and parents.

XVII. PROMOTION REQUIREMENTS

Students who meet the required academic standards and maintain satisfactory level of achievement will be promoted to the next grade level at the end of the school year. The general requirements are the following:

1. Evidence of good attitudes, effective study habits, and responsibility in their learning
2. Successful completion of all subject-specific expectations (refer to the national government requirement)
3. Attendance (minimum 90% of attendance)

There are additional requirements for national students as prescribed by the government. The promotion meeting is held at the end of each school year and attended by all teachers. The decision is made during this faculty meeting.

XVIII. DISCIPLINARY POLICY

1. Introduction

The disciplinary policy of Sekolah Mutiara Harapan has been developed to provide a safe and favorable learning atmosphere, forming the positive relationship between the school community members on the basis of mutual respect. Every student who applies for admission should understand that enrolling at Sekolah Mutiara Harapan provides entry into a school and community that is governed by rules and regulations for the perceived good of all.

The disciplinary policy is based on Sekolah Mutiara Harapan mission and philosophy statements where it is said that school community members' behavior should be governed by the following principles:

- **Mutual Respect**
- **Responsibility**
- **Consciousness**
- **Positive Attitude**

The disciplinary policy applies to all the members of the school community – students, teachers, and staff. Following the general behavior rules by all members of the school community is the required condition for successful learning and harmonious environment in the school. The disciplinary policy is reviewed once in every two years for amendments. Situations, which are not included in the disciplinary policy, are considered by the school administration.

2. Expectations for Students

Language

Students are expected to talk in a normal voice without shouting, use appropriate language at all times, and avoid using any profane or vulgar language. They have to speak respectfully to one another and to adults.

English is one of the instructional languages at Sekolah Mutiara Harapan. Therefore, students are encouraged to speak **English** in the classroom at all times, unless they are in Indonesian classes. They are also encouraged to speak and practice their English during break, recess and lunch times.

All faculty members must be the role models of this practice.

Daily Attitudes

Students should

- Demonstrate a respectful attitude towards others;
- Follow instructions of the school staff;
- Arrive to classes on time, do homework;
- Have necessary equipment and materials to be ready for the classes;
- Be careful with the school property and environment;
- Follow the behavior rules and safety procedures in the school labs, classrooms, library, outside the classrooms, etc.

Dress Code and Grooming

Sekolah Mutiara Harapan places great emphasis on the importance of the school uniform. All students and staff must wear appropriate clothes in the school according to the dress code and take pride in their appearance. The school uniform should be worn from Monday to Thursday inside the school campus. Students who are not wearing the prescribed uniform are not allowed to attend

classes unless they have valid reasons. In this case, students must see the principal or his/her representative. The student concerned should bring an explanatory letter from the parents. Students wear athletics shoes in any color, with minimum ankle-length socks. Students may wear the school jacket if needed. No hats are to be worn in the classroom although they are permitted to be worn outside the class.

Dress code for casual Fridays

Girls

- Skirts and shorts: minimum length is 5 cm above the knees
- No tank top or spaghetti straps
- No off shoulder blouses
- Leggings worn as trousers are only allowed if the top is long enough
- No underwear visible at any time
- No inappropriate T-Shirt prints (swear words, drugs, nudity, etc.)

Boys

- Trousers should be worn around the waist, no underwear visible at any time
- Shirts must have sleeves. Singlets and sleeveless vests are not to be worn without any under shirt.
- No inappropriate T-Shirt prints (swear words, drugs, nudity, etc.)

Shoes for boys and girls: for safety reason, shoes must be closed-toe.

Earrings and Jewelry: Earrings and other jewelry should not interfere in sports activities or distract others.

Hairstyles: Boys' hair should not be below the shirt collar or cover the ears. Hair bangs should not cover the eyebrows. It should be

Sekolah Mutiara Harapan

neatly groomed with conservative styles rather than extremes. For example, spikes, steps and unnaturally colored hair are unacceptable.

Girls' hair should be neatly combed and, if long, is advised to be neatly tied in a pony-tail or other styles with a pin or ribbon.

Girls are not allowed to put on any make-up except transparent lip balm for those who have problem with dry-lips.

Students and staff should maintain the standards of good grooming.

3. Encouragement

The disciplinary policy is first of all based on development and support of students' positive behavior. The following encouragement is developed for stimulating students' positive constructional behavior:

A letter of appreciation is used by teachers to encourage students, recognize students' positive role in the class and stimulate further proper behavior. Each member of the school staff should serve as an example for students in matters of discipline, dress code and should support the school disciplinary policy.

4. Disciplinary Violations and Consequences

The Disciplinary violations are as follows:

1. Leaving the school campus during the school hours without the school administration's approval
2. Forgery, alteration of school records and other documents
3. Theft
4. Fighting; endangering the safety of oneself or others
5. Bullying others, to include cyber-bullying
6. Bringing objects which might be dangerous for others
7. Smoking

8. Drinking alcohol, using drugs and bringing them to school
9. Violating the Internet Devices and Internet Use policy
10. Intentionally damaging the school property
11. Leaving the classroom without teacher's permission
12. Insubordination to a teacher
13. Using profane language
14. Littering in and outside the school
15. Violating rules of the classrooms, library, science laboratory, etc.
16. Dishonesty, cheating or giving answers to others during class activities or exams
17. Unauthorized removal of official notices and posters from the bulletin boards
18. Constantly being late in attending classes and/or submitting homework/assignments
19. Not following the school dress code.

THE SERIOUS VIOLATIONS

Items #1-10, are considered as serious violations.

Note:

Senior High School students are allowed to bring cellphones to be used as a communication and learning tool. The phone or any electronic device is not to be used during classes without the teacher's instruction and supervision. **Accessing inappropriate websites or contents is a serious violation.**

Whenever necessary, the school has the legal right to access all of the students' electronic devices brought to school. The inspection will be done by an authorized team, with an official letter from the school. Parents will be notified during this inspection.

The school is not responsible for lost, stolen, or damaged personal belongings.

CONSEQUENCES OF INFRACTIONS:

Disciplinary procedures:

1st Notification/Violation: The vice principal (student affair coordinator) talks to the student regarding the disciplinary violation and writes down comments about the situation and the plan to improve it. A letter is then sent to parents and returned the next day with the parents' signatures.

2nd Notification/Violation: a written warning sent to parents for signature, and removal from extracurricular classes (2 weeks).

3rd Notification/Violation: Meeting with parents to discuss possible suspension (2 days or more)

4th Notification/Violation: Extension of suspension

SERIOUS VIOLATIONS: Meeting with parents to discuss possible Suspension (2 days or more). Serious Violations could lead to expulsion from school.

The school has a file for every student. The teacher in charge should write down all violations and consequences of the student and keep them in the student's personal document.

INTERVENTION POLICY and PROCEDURES

In the case of most serious issues, continuous detention and expulsion will be considered. Parents should be involved in the disciplinary process and in any event should be informed at all times. All offenses committed inside or outside the classroom must be reported to the leadership team. Minor offenses may be handled judiciously by the class teacher.

For major offences, the class teacher reports in writing to the principal. The principal has the prerogative to investigate the case

further or to convene a committee on discipline to make recommendations on the case. The parents are informed in writing, and may see the principal to express their views and concerns, but they may not intervene in the investigation.

XIX. GENERAL INFORMATION

1. Tutoring

Tutoring of any student on and off campus at any time during the school year may be granted according to certain guidelines. Approval must come from the principal's office.

2. Field Trips

To enrich the curriculum and specific units of study, educational field trips are organized to take full advantage of the resources around. Sekolah Mutiara Harapan has the vehicles to provide transport for students during field trips. All field trips will be publicized by the teacher(s) in writing prior to the trip. Date, time, destination and cost of the trip will be specified in a special letter.

Parents are asked to give written permission for their child to attend each scheduled school field trip. Without parents' written permission teachers will not take their child outside the school. Teachers will explain safety rules to the students prior to the trip.

3. Homework Policy

Sekolah Mutiara Harapan aims to create an environment that encourages holistic development and allows students to lead a balanced life between school, rest and play. Homework is an essential part of school life to improve students' academic achievement. It is a natural extension of what children learn during the school day.

Teachers expect homework to be completed and handed in on time. Parents will be notified if the student repeatedly fails to

Sekolah Mutiara Harapan

submit school work or homework to support the student. We advise parents to provide a quiet working area free from distractions.

Types of homework: It should be varied (according to the age and grade level of each student), challenging, purposeful, and enjoyable. It could be reading, preparation for an upcoming class, reviewing of the lessons, or doing extension work. Most of the homeworks are for individual, but teachers may assign a group work as well.

Homework objectives:

Learning: Consolidate materials acquired during the lesson, prepare for creative work (compositions, reports, etc.)

Developing: Develop skills for independent work and cognitive interest.

Educative: Inculcate diligence and aspiration for studies.

Oral assignments are as important as written assignments and will be assessed as well. Students must do them independently and correctly. Homework should be done and handed over on time.

4. School Hours

Day	Grade 7 - 9	Grade 10 - 12
Monday – Thursday	7.30 AM – 2.45 PM	7.15 AM – 4.00 PM *
Friday	7.30 - 11.30 AM	7.15 AM – 2.45 PM

**include extracurricular on Wednesday*

At the completion of the school day, transport arrangements must be organized by parents to ensure students go home safely. Parents are requested to drop and pick up their children on time.

5. Extracurricular Activities (After School Activities)

After school activities are organized by Sekolah Mutiara Harapan to provide students a safe venue to develop a well-rounded personality. This program also aims to allow them to gain experiences in leadership, a greater sense of responsibility, and gain insights on interpersonal relationships among peers. Students have the freedom to choose what after school activities they would like to enroll in. A student is expected to be regular in attending the activities that he/she opts for. The school recommends each student to attend 2 (two) activities in a week.

Most of the after school activities are free of charge. Prior notice will be given regarding such arrangements. The classes offered are varied such as sports, arts, drama, cooking, dance, etc.

After School Activities Schedule

Grade 7 - 9	Grade 10 – 12
Monday – Thursday 03.00 – 04.00 PM	Wednesday at 02.30 – 04.00 PM Friday at 03.00 – 04.30 PM

6. Attendance

Students who are regularly present at school make more rapid progress. To complete a year, a student must attend at least **90% of the effective school days**. Please plan family vacations and visits ahead of time to avoid interruptions of your child's learning.

Parents are strongly recommended not to take holiday before the summative exam dates. The school is not obliged to administer exams in advance to accommodate the personal leaves taken before the exams take place.

7. Absences

Absences from school result in students losing valuable education time. Therefore, parents are strongly encouraged to ensure that their children attend the school regularly and on time. If a student

Sekolah Mutiara Harapan

is unable to come to school, the parent is required to report each absence.

The following are reasons to be considered excused:

- Family emergency or illness
 - Death of a family member or relative
 - Health care appointments
 - Processing documents for international students
- Long absence (more than 2 days) due to illness should be confirmed by a proper medical document.

8. Makeup Work

Any student officially excused from school is allowed a reasonable amount of time to complete missed work. Each teacher provides guidelines for makeup work. The student is responsible for obtaining direction from the teachers concerning any missed assignment. If a student is absent for an extended period of time, parents should contact the student's class teacher for makeup assignments. If an absence is unexcused, the student may complete assignments at the teacher's discretion.

9. Tardiness

Regular tardiness influences on the learning process of your child and other students as well and can result in their poor academic progress. Teachers check the students' attendance daily and make records in the school information system. A student is considered late if he/she comes after class has started. Students who come late need to obtain a tardy pass at the school lobby in order to attend their classes. If students are often late, the school administration will send a notification letters to the parents. A warning letter will be sent for students with frequent tardiness. The principal may give disciplinary consequences for habitually tardy students.

10. Picking Up Your Child Early

If during the school day, you need to pick your child up early, please inform the class teacher or the leadership team beforehand. The teacher will give a special pass that you must show the teacher on duty or the school security guard when leaving the school campus. **Students are not allowed to leave the school campus without the class teacher or leadership team's permission.**

11. Visitors

Except in emergencies, visitors of both students and/or teachers may not be entertained during class hours. Authorized school visitors who enter the classroom should be accorded due courtesy however we do not encourage students to stand and greet as it interrupts classes in session.

12. Health and Hygiene

The school is concerned with cleanliness and safety of students in the campus. Because of concerns about soil-borne bacteria, students are required to wear shoes at all times when they are outside of the classrooms. The school has adopted the **“NO SMOKING”** policy while students are in attendance at school. The school premises are designated as **“NO SMOKING”** areas.

13. Sickness, Communicable Diseases and First Aid

A student who has a fever, is ill, or is infectious (mumps, chicken pox, sore-eyes, etc.) **should not come to school**. This is to avoid the spread of contagious diseases. Certain communicable diseases will require a permit issued by our company clinic or a physician before the infected student may return to school.

Parents of any student with head lice or nit infestation will be called and student will be sent home for treatment. The student will be checked regularly until nit free.

Sekolah Mutiara Harapan

Parents of other students exposed to these communicable diseases will be notified.

Parents should notify the school by phone or in writing in case their child cannot come to school due to illness.

If a child is injured or in pain the school staff will render the first aid if necessary. School staff will inform the parents. Parents are requested to give the name and phone number of contact persons in case of more serious injuries or illnesses. At registration, parents are required to complete the medical form for each child.

If a student has a medical emergency in school or a school-related activity and the parent cannot be reached, school personnel will seek emergency medical treatment at the company clinic immediately.

14. Fire/Emergency Drill

Regular emergency evacuation drills are conducted at the direction of our company Safety department and the school emergency response team (ERT). All students, teachers and staff must follow the evacuation procedure as posted in each classroom and school area. Briefing will be done prior to the drill.

15. Lockers

The school has provided school lockers for the purpose of giving students a convenient place to store clothing, books, and other articles necessary for the student's use during the school day. Students have to follow the lockers use guidelines as attached to this handbook (appendix III).

16. Parent-Teacher Association (PTA)

Our school has an active PTA with a set of executive committee members who are running the organization. All SMH parents are invited to take part in this association.

Aims and Functions of SMH Parent-Teacher Association:

1. Promote connections and communications between parents and school and to establish a partnership between them
2. Promote the development in academic performance and the physical and mental health of children through close home-school co-operation
3. Develop the potential of parents and strengthen their relationship with their children through planning and conducting a variety of developmental and recreational activities
4. Provide a channel for both parents and the school to exchange opinions concerning school policies for promoting the development of the school

XX. COMMUNICATION WITH PARENTS

Communication between parents and school personnel is a key component of student success and to create a strong partnership. Parents are responsible for notifying the school of any change of address and telephone number. Our communication media with parents are as follows:

- School information system (AIMSIS)
- The school website/email/WhatsApp group
- Parents information session
- Parents conferences

School Information System

AIMSIS is an academic information management system in school that we use to connect parents with teachers. Using this system, you are able to check the school academic calendar, your child's academic progress, absences, school information, exam schedule etc. Each parent and student will be given a user name and password to login to AIMSIS.

School Information System

AIMSIS is an academic information management system in school that we use to connect parents with teachers. Using this system, you are able to check the school academic calendar, your child's academic progress, absence, schools' information, exams schedule etc. Each Parent and student will be given user name and password to login to Aimsis.

Parents Information Session

The school holds **parents information session** at the beginning of every school year so you can be informed about the school programs. Whenever needed, the school will offer workshops for parents. We strongly recommend you to attend such sessions.

Parent conferences

There are several conferences for parents during the school year. Issues regarding students' progress and behavior will be discussed (for detail, please refer to assessment policy).

XXI. COMMUNICATIONS POLICY

We have established a communication channel in order to serve you and your children and request you to follow the communication path:

1. Any concerns, questions, doubts, etc., with regards to your child's performance or behavior, must be brought to the class teacher first. The class teacher is in a position to know each child's character and situation in the class/school.
2. If after meeting with the teacher, the parent is not satisfied, then an appointment with the principal should be made. If necessary, the principal will invite teachers involved to join the meeting.

The school trusts that all parents at all times will treat teachers and staff with respect.

XXII. RIGHT TO AMEND

In all school policies, the leadership team, in consultation with the school board, retains the right to amend this handbook for just cause. Parents will be given prompt notification if changes are made.

XXIII. APPENDIX I

SEKOLAH MUTIARA HARAPAN **Electronic Devices and Internet Use Policy** **High School Campus**

In supporting the students' learning process and as one of the communication tools with parents or external parties, our school allows the senior high school (Grade 10-12) students to bring their cellphones, tablets, laptops or any electronic devices to school. The school also provides free Internet access for the students and teachers. The internet service is a privilege, not a right. However, to ensure a safe, efficient, and appropriate use of technology, we need to ask all the students and parents to read and sign the following agreement. Please note that failure to read and complete this form may result in technology use restrictions and is considered as a serious violation.

1. When connected to the **Internet**, whether it is from personal or school Internet access, all work and websites visited must be for educational purposes only and appropriate. The following Internet uses will result in immediate disciplinary action:
 - a. Accessing inappropriate materials by submitting, posting, publishing, forwarding, downloading, scanning or displaying materials that are defamatory, abusive, obscene, vulgar, sexually explicit, threatening, discriminatory, harassing and/or illegal
 - b. Playing online computer games
 - c. Attempting to log in to a prohibited web site
 - d. Posting information in social media or any platforms that might discredit the school, teachers or friends
 - e. Doing any cyberbullying acts to others

2. When using the personal electronic devices, students are prohibited from
 - a. Using smartphone during classes, except for research purposes which are done under the teachers' supervision;

- b. Playing games, accessing the social media, or do electronic chatting during classes; and
- c. Watching, circulating, copying, etc. of any inappropriate materials or contents, texts or graphics.

Teachers may confiscate cellphones or the electronic devices used for any of the above reasons and will bring them to the principal. Parents must retrieve it from the principal after discussing possible disciplinary actions.

- 3. The school reserves the right to inspect all of the student's electronic devices that are brought to school. The inspection will be done by an authorized team with an official letter from the school. Parents will be notified during this inspection.
- 4. **Student Security:** A student is advised to not reveal his/her full name, address, telephone numbers or any other personal information on the Internet. Students should never agree to meet people they have contacted through the Internet without parental permission. Students should inform their teacher if they access information or messages that are dangerous, inappropriate, or make them uncomfortable in any way.
- 5. School assumes no responsibility for personal devices that are brought to school by the students.

All Parents and students are to acknowledge and sign the agreement of this policy.

XXIV. APPENDIX II

SEKOLAH MUTIARA HARAPAN Parental Consent (Use of Child's Photos/Images)

We are asking approval at your end for the school to publish photographs of your child on the school's publications. Such publication would include:

- ✓ School newsletters (online and printed)
- ✓ School's official website and social media
- ✓ Annual school magazines (e.g. yearbook)

The photographs that will be published are the actual classroom learning and activities of the students, school's programs or events, and students' achievements and/or work samples done by your child in a variety of ways.

The use of your child's photographs/images to be published in the above publications are for

- ✓ School's information or updates to parents, school community, or external parties
- ✓ School's promotional or publicity purposes (e.g. brochures or leaflets); and
- ✓ Showing pride on the child's work, talents, skills, and achievements.

XXV. APPENDIX III

YAYASAN MUTIARA HARAPAN WIRATAMA SMA MUTIARA HARAPAN

Locker Use Guidelines

1. Eligible Users:

Each student is eligible to apply for one individual locker.

2. Use of Lockers:

- Students should keep the key given by the school to safeguard their belongings deposited in the lockers.
- Students must take full responsibility for the items stored in the lockers.
- Students are advised not to store any money or valuables in their lockers.
- Storage of any items that are of illegal nature, or would cause or be likely to cause a health hazard, security risk, physical danger or a nuisance to the environment or other members of the school is prohibited.
- Students must report any loss or damage to their class teacher or the facility manager immediately. Students are responsible to pay for the repair if the damages are caused by themselves.

3. Unauthorized Use of Lockers:

- Unauthorized use of unoccupied or other people's lockers is strictly forbidden. Facility manager shall have the authority to open such lockers and dispose of all property found therein.

4. Transfer of Lockers:

- Lockers are not transferable. Students who wish to change the location of their lockers must apply with good reason in person to the Facility Manager.

5. Withdrawal of Studies:

- Students who withdraw from studies or whose studies are terminated must clear their lockers within 3 days of withdrawal/termination. After 3 days, the facility manager shall have the authority to open such lockers and dispose of all property found therein.
 - Student must return the locker key to the admin staff/facility manager.
6. **Clearance and Return of Lockers:**
- Before graduation, students must clear their lockers and return the key. It will be included as one of the clearance items before receiving the graduation diploma/certificate. The facility manager or the admin staff will check the locker condition before the handing over process.
7. **Violation of the Locker Regulations:**
- Any violation of the locker regulations by the users may result in the termination of the use of lockers and be reported to the facility manager.
8. The school shall not be liable in any circumstance for any loss or damage of property stored in any locker.
9. The school shall in **no circumstances** be responsible for the safe keeping of any items found in the lockers and any loss or damage in connection therewith.

Users of the locker system must accept and are bound by the above rules.
